OUR COMMITMENT TO YOU

Our curated professional products are designed to extend your beauty experience beyond your visit. Our team of artists will recommend the perfect product pairings customized to you.

We believe that everyone should leave our salon feeling full of confidence and completely satisfied. If we fall short, we ask that you contact us within 7 days of your appointment to schedule an adjustment service.

A FULL EXPERIENCE

On a daily basis, we aim to make you feel special and luxurious as soon as you enter the salon. With complimentary coffee beverages, fun spritzers, and coat check, we don't want you to need to lift a finger while you're here.

Need to get some work done? Let your artist know and let Lili be your salon office. We've got all the WiFi and coffee you need.

For occasions that you spend more than a couple hours with us, we'll include a fresh, nutritious lunch catered from our friends at CōV. Whether it be a spa day package, group event, or just a really long hair transformation - we put your comfort first. We also have robes, slippers, changing room, and lockers for maximized comfort and convenience.
